The Wichita Women in Health Professions and The KUSM-W Office of Faculty Affairs and Development are thrilled to welcome **Chantal M. Brazeau, M.D.** to our campus in June.

Dr. Brazeau is the Assistant Dean for Faculty Vitality, Interim Chair of the Department of Family Medicine, and Professor of Family Medicine and Psychiatry at Rutgers New Jersey Medical School.

Dr. Brazeau will discuss drivers of burnout and resilience including work/life balance and connecting to meaning through reflection and self awareness. We will develop habits and strategies through a series of exercises following her talk.

This event is made possible by a generous grant from the  
Earl L. Mills Educational Trust
