

**KUSM-W Quality Improvement/Patient Safety Conference**  
**November 1, 2018, 12:00-4:30pm**  
**Sponsored by**  
**WCGME QI Subcommittee / Office of Research / Office of Faculty Development**  
**KU School of Medicine-Wichita**

This conference is designed for residents and faculty engaged in healthcare quality improvement (QI) and patient safety (PS) initiatives. Sessions are designed for both novice and advanced QI/PS practitioners. Emphasis will also be placed on education regarding healthcare disparities and physician well-being, both of which impact quality and safety of patient care.

**Learning Objectives:**

Following participation in this conference, residents and faculty should be able to:

- Identify the mission of Kansas Healthcare Collaborative and describe the quality and safety work they participate in across the state.
- Define and apply basic quality and patient safety principles.
- Describe health care disparities and how Project Access has provided benefit to certain patient populations.
- Describe how a quality initiative addressing vulnerable populations has improved hospital readmission rates.
- Describe methods that individual physicians can utilize to improve well-being and decrease burnout.

**Location:** KU School of Medicine-Wichita, Roberts Amphitheater

- Parking is available in any lot on campus (tickets will not be issued).
- Lunch will be available at the beginning of the conference for those who pre-register.

**Register:** Click the link [here](#) to register.
